

A Carpet Cleaner Who Thinks Green and Gets It Clean

In my last blog, I wrote about the need to rid your home of smells – including those that seep into your carpet – before putting your home on the market. I gave you ways to get rid of those nasty smells, but I didn't recommend a carpet cleaner who could help you.

Well, now it's time for you to meet Steve Baird. He's a professional carpet cleaner who owns Heaven's Best Carpet Cleaning franchises in Parker, Castle Rock, Elizabeth, Franktown, TriLakes and Colorado Springs.

As a "green" real estate agent in the South Metro Denver area, I am especially pleased to recommend Steve because he uses safe and environmentally-friendly cleaning solutions that really clean! The low-moisture system also leaves your carpet dry in one hour.

In addition, he's thorough. When he comes to your home, he will look for any carpet issues that need special attention. He's very candid, discussing in detail what he will do to remove stains and the expected outcome. For excessive stains, he'll pretreat them. If the issue is pet urine, he will extract what he can, using an upholstery machine.

After that, he'll vacuum, apply an organic –citrus-based cleaning solution and then use a 150-pound buffer with super absorbent pads, which extract the dirt and moisture at the same time, allowing the carpet to dry in one hour.

Unlike most other carpet cleaners in the Parker and Colorado Springs areas, the process is all-inclusive, so you won't be nickel and dimed on every turn.

Steve's just that way. He's considerate. He also thinks of customers and their time when making appointments. He offers firm, one-time appointments, and a 100% satisfaction guarantee. You can't lose.

And a clean carpet will make it easier to sell your home,

especially when first impressions are so important and the carpet is one of the first aspects of a home that is noticed first.

Additionally, a well-maintained and clean carpet shows that the homeowner takes care of the home – another point often looked for by homebuyers.

Whether or not you are about to put your home on the market, you really should call Steve when it's time to clean your carpet, rugs, upholstery, leather or wood floors. You can check him out at <http://www.heavensbestparker.com/> or by calling him at 720-290-7473.
