Although our office is located in the Denver Tech Center, I have worked with many clients throughout Colorado, in achieving the goal of homeownership.

In these challenging times, I take great pride in ensuring each client is successful in his or her financial goals. A lot of people thing that I am in the business of doing loans. I really don't look at it that way. Unlike most lenders, as a Mortgage Planner, I am helping you create perhaps the largest debt of your life and I have a responsibility to help you professionally manage that debt. I see my primary role as helping my clients integrate the mortgage loan they select into their overall long and short-term financial goals as well as their payment, equity and cash-flow objectives.

Ultimately, you will work with whom you feel comfortable. I can assure you that myself and Universal Lending will put your needs as our priority and will be there to answer your questions at every step of the way.
