

# Here's to 2021!

## What a Year!

Whew – what a year it has been. To say 2020 was outside the ordinary is an understatement. Wrapping up a year has never brought so much satisfaction as it will to many of us as we enter 2021.

2020 has affected many families and businesses from limiting the ability to go to the gym, see friends and family, to

testing our financial security. Though 2020 has shown us quite a bit of uncertainty, we knew that families still needed to find homes, people transferred to new cities with new jobs, and a whole bunch of other reasons that real estate must go on.

## **Thank you!**

We needed to keep our clients safe and healthy and we spent hours making sure we did things the right way. From Masks, sanitizer, and appointments to drive through style client appreciation parties. For those who trusted us with your homes this year...we are grateful. You made this year more than we could have ever asked for.

Oh, and, Congratulations to all of our agents on another year for the books!

## **Some 2020 Fun**

Though 2020 seemed to be heavy for most, the [Osgood team](#) still found time to have a little fun. Between staying connected with the community by participating in SECOR and sending special thank yous to our local teachers, to team retreats and [vision board parties](#). We certainly hope that 2021 brings new things for our clients and our community. While we are extremely grateful for all that 2020 has brought us, we are ready to take on 2021!

**Here's to a New and Successful 2021!**

READY FOR 2021 LIKE...
