

# June 21st, 2017 Summer Solstice

## Summer Solstice

**Date When :** June 21, 2017, June 21, 2018; June 21, 2019; June 20, 2020

Summer Solstice is the longest day of the year! The amount of daylight only goes down from here...for the next six months we will lose a couple minutes of light each day. So let's get out and enjoy it! Summer Solstice is the start of summer.

Osgood Team Real Estate loves the summer and all the great activities Colorado, and more specifically Parker has to offer! From the H2O'Brien pool, to hiking or biking the Cherry Creek Trail! Climb one of the amazing 14er's the Rocky Mountains has to offer, or head to downtown Parker for the Wine Walk, or Movies in Your Park!

We may be enjoying Colorado in the summer, but we are never too busy for your referrals!
