

# Thinking About Selling? Best Day To List Your Home

## These Are the Best Days to List Your Home

When you sell your home, you want it to sell as quickly and profitably as possible. In order to make that happen, listing your property at the best possible time is an absolute must.

### But when, exactly, is the right time?

According to data outlined in [a recent REALTOR® Magazine article](#), the best days to list your home are in the middle of the week. This is when most people are out searching for home they want to see over the weekend.

Homes listed on **Tuesdays, Wednesdays, and Thursdays** sell, on average, two days faster (and for approx. \$1700 more) than homes listed on the weekend.

If you've been thinking of selling your home, don't wait until the weekend to get your property on the market; instead, list during the middle of the week—and sell your home quicker and for a higher profit as a result
